A third dragons joins the furious dragon attacks!

MORE HELLFIRE

It was a hard day for the people of Thorhofn today. Tadménroe Cathedral was set ablaze by three dragons in the early hours of the morning. The cathedral had been under renovations, and therefore no one was injured in the attack.

Witnesses claim to have seen the red blue and green dragon’s responsible for the attack flying east out of the city shortly thereafter.

CHAOS FOLLOWS

It was this time about two years ago that I faced the biggest bloodshed of my life. You understand that you’re signing up for bloodshed when you join the military. Not loss, though. Friends lost in battle bear heavy weight even as memories of bloodshed fade.

I went to Rickety Squibs to see good friend’s family. The war was “over” (hah!) and us soldiers had to waltz right back into daily life, so before I got on the first boat that’d pay me, I wanted to share my grief for a moment.

ROYAL ARMY CALLS FOR DRAFT

“So much vibrant history lost” Says head cleric Morin Claust. “These vile beasts desecrate our places of worship!” “May the gods cut their wings and spill their blood!”

It was truly a hard sight to see. The 700 year old church had been an iconic holy place for many followers from all different races and walks of life. Many people would take pilgrimages to this holy place. In hopes to get closer to the heavens.

For the first time in 90 years a royal draft begins

PREPARE FOR WAR

King Stroth of Squiyles has declared a military draft today. This marks the first time a draft has been instituted since his grandfather ruled 90 years ago, which took place during the war of the falling moon.

Punishments for those attempting to dodge the draft are rumored to be severe. Weapons and armor manufacturing labor camps have been reported under construction. Many are concerned of the economic and political ramifications this will have on the kingdom as it gears up to support a larger military force.

FIELD REPORT

From the journal of the dashing Rex Sauvage!

ENCHANTED EYE

I was en route in one of my many formal garments to the Hawkthorne Royal Gala. Only the most influential individuals of our time attend these sorts of gatherings. on my way there I noticed the driver of my carriage seemed out of place.

The man quickly turned on me! halting the carriage and attempting to wrestle his way into the back with me. He wore an eye patch and lifted it to reveal an enchanted glass eye! He looked right into my soul and being with it and it took every ounce of my energy to resist the magic from within it. I could tell he was attempting to take control of me with it! My will was too strong for him and I snapped out of it.

With a flurry of well placed attacks I resolved the threat. I tied him up for the local guard to take care of, Back on my way to rub elbows with the elite.

Just another evening with...

...Rex Sauvage

At this point, one of you dear readers will realize: “Oh shit, that’s the crew who stole my boat and my shipment.” To which I say: “You’re the one who made the mistake of hiring a shit crew to do a basic task. Get over it and do better next time.”

We converted our new-found drugs found in our new-found boat into cold hard gold, over at that one pirate town with the tree. Everything was going pretty swimmingly at the time, in terms of how I would imagine my career would go: I’ve gotten surprisingly far so fast in the last two weeks. From deckhand to counting gold by weight is not bad.

BY ROYAL DECREE

April 12, 4885 a draft is hereby declared by King Stroth of Squiyles

Every able-bodied male citizen of the kingdom shall report to local city council or active military command wherein a judgement for royal draft eligibility will be assessed Failure to report will be a punishable offence

CHILDREN SLAIN IN MARKET

“Howled until blood spilled from the ears of children”

reportedly “Vomited swarms of spiders” and “Howled until blood spilled from the ears of children”

Not kidding folks. Some very strange stuff is going on in Ezaso.

Could This be a member of Gorthok’s Army? Something even more sinister?? Either way, If you have any information regarding this individual report it to the Royal Guards of Squiyles. According to officials as he is also a suspect in another case.

MURDER IN THE STREETS

Normally street urchins getting cut down in the streets isn’t exactly news-worthy. What makes this story so interesting is the manner in which it happened. An Orcish man 6’ tall with blue tinted skin wearing a brutal wooden mask with horrid images carved into it

It turns out chaos has other plans for me besides gold and fortune, however. For example, it turns out the two prisoners we freed from the pirates may have had good reason to be locked up. I won’t go into details, but one is the true embodiment of chaos and the other has rapidly plunged into evil acts. Frankly, they’re not even my main concern right now, for reasons I will go into at a later time. Until then, I’ll leave you with a human spiritual song:

So I run to the Lord,
Please hide me Lord
Don't you see me praying?
Don't you see me down here
Praying?

But the Lord said,
"Go to the devil"
The Lord said,
"Go to the devil"
He said,
"Go to the devil"
All on that day

So I ran to the devil,
He was waiting
I ran to the devil,
He was waiting
Ran to the devil,
He was waiting
All on that day

I cried, power
(Power to the Lord)
Power
(Power to the Lord)
Power
(Power to the Lord)
Power
